Largest tax break for hotel moves forward

TIF. City Council Finance Committee moved forward a bill that would give a new 700-room hotel a multi-million tax break.

If approved by City Council, the hotel projected for the corner of Chestnut and 15th streets would receive the most public dollars of any hotel built within the city limits, according to City Councilman Wilson Goode Jr.

Almost every hotel receives public subsidy, but according to Goode, the hotel would receive $115 million over the life of the 20-year tax increment financing (TIF).

At a Finance Committee hearing Thursday, City Council members listened to testimony and then pushed forward a bill that would grant a tax break for the hotel slated for development by Starwood Hotels and developer Brook Lenfest.

The plan is to develop W and Element hotels, which would include a total of 700 rooms, at 1441 Chestnut St. The cost of the project is $280 million. The developers claim it can only fund $205 million.

Goode became combative after W Hotel developer Jeff Cohen couldn't tell him what the profit margin would be on the project.

"You can't tell me how much money you're going to make off the project?" Goode asked.

"I can't give you the dollar actually; I don't recall it, but I know it's a single-digit return," Cohen said.

"You can't tell me the dollar amount? That's funny," Goode said. "I'll be voting no."

Seven operators of big-name hotels believe the city won't see a return on investment and there won't be a lot of jobs. They also say the hotel is too far from the Convention Center.

John Grady, of the Philadelphia Industrial Development Corp., said the hotel would bring more visitors into Center City and would enhance the city's walkability factor.

The main objective, proponents say, is to make room for more groups to visit the Convention Center and make use of the $800 million expansion.

Ben Rowe, chief financial officer of Kimpton Hotels & Restaurants, testified Thursday that it doesn't make sense to "build a 700-room hotel for a situation that may only occur a few days out of the year."

Quoted

"The public sector has strategically invested in its tourism and convention infrastructure, and for 20 years the market has consistently shown the ability to absorb new rooms, attract new demand and increase financial performance." Grady

Beer and bacon. Festival has been set for Dec. 8 at Monaco

Mmm, a beer and bacon festival — can't you just hear your arteries clogging?

The Philadelphia Bacon and Beer Festival has been set for Dec. 8, a Sunday, from 2:30 to 5 p.m. The event, which raises money for MANNA, will take place at Hotel Monaco, at Fifth and Chestnut streets.

"Brought to you by @eatboston, Danya Henninger and Rolling Barrel Events, The Bacon and Beer Festival is a day to celebrate two amazing comestibles, bacon and beer," according to its website.

There are currently 16 restaurants and nine local craft breweries that are slated to join in the festivities.

Tickets for the event, at $45 a pop, will go on sale Wednesday, Nov. 13, at 10 a.m.

Word is tickets are limited.

The ticket gets you in the door and, of course, all you can eat and drink. "But," it reads on the website, "please remember to share as there will be others there with the same idea." METRO

Event. City bikes focus of Philly Bike Expo

This weekend the Philly Bike Expo comes back for its fourth year and has moved to bigger digs with even more events and exhibitors.

Held on Saturday and Sunday at the Broad Street Atrium of the Convention Center, expo officials expect about 3,000 enthusiasts for the event.

This year's theme is city bikes, so there's a lot of focus on using bikes not only as urban transport but also as a lifestyle choice, said Bina Bilenky, expo event director. A city representative will talk about the upcoming bike share program.

"It's going to be awesome for this city," said Bilenky of program. "We waited a long time for it so we're super excited."

The Bicycle Coalition of Greater Philadelphia will also give a seminar on family biking, a trend at this year's Philly Bike Expo. "This year we're really getting a lot more ... for the families and smaller children."

Events include gold-sprints, bike rides, bike-fitting demos and more.

CHRISTINA PACIOLLA

It does happen

Some groups want the 150 cabs coming into the city to have bike racks. Bilenky calls that a "fantastic idea."

- She was in NYC this spring and couldn't hail a cab with a demo bike in tow.
- "No one would take us," she said. "It definitely comes up. Sometimes you end up meeting friends and people have bikes and you all want to go to the same place at the same time."

Nabbed. Three charged in string of South Philly robberies

Philadelphia police arrested two men and a woman in connection with a string of armed robberies in South Philadelphia in late October.

Police arrested Nicholas Pompeii, 19, of 1900 block of South 17th Street, and Sophorn Ouch, 28, of the 1600 block of South Bancroft Street, on Tuesday night, according to police. Keenan Gentry, 20, of the 1800 block of South Bancroft Street, was arrested Wednesday night.

Pompeii was arrested on the 1700 block of South Chadwick Street and Ouch in front of her home. Police picked up Gentry at 32nd and Diamond, according to reports.

The three robberies occurred in the Queen Village and Point Breeze neighborhoods on Oct. 17, Oct. 19 and Oct. 22. Pedestrians were targeted in each case.

Gentry was the gunman in each robbery, according to Philadelphia police.

Police last week released mugshots of the two male suspects, as well as surveillance video connected to each of the robberies.

Ouch was not identified by police at the time, but a woman was shown using a credit card stolen in the Oct. 22 robbery at a Wal-Mart. SEAN MCCULLEN

Expert says wait

Want to buy shares of Twitter?

All of the chatter on Twitter's IPO may make you want to rush in and buy shares, but don't jump in just yet. Santosh Rao, senior equity analyst and head of research at Greencrest Capital talked to Metro about why retail investors should wait to buy today's hottest IPO.

1 You don't have all of the information. According to Rao, companies give information to potential bulk investors ahead of time. "They've showed them the financials and they've given them more detail than you and I know," said Rao. "[The institutional investors] know the risk and opportunities much better than we do." As a public company, Twitter will have to disclose more information going forward, so retail investors can make more informed decisions.

2 It's overpriced right now. Twitter stock began trading on Thursday at $45.10, closing at $44.90, but Rao said the value is more like $30. "It opened at $45 already and that's when you get there, it's too late," said Rao. High demand for the limited shares drove up the price.

Hot stock / GETTY IMAGES

3 It will probably pull back. Rao said most stocks pull back after an IPO. "They always come back," he said. "Wait for a pull-back — don't chase it. You never win the IPO in the first round." He pointed to Facebook's May 2012 IPO as an example, which dropped from $38.23 to $20.01 a share after two months — but the stock has since recovered, closing at $47 on Thursday.

Rao is not saying that retail investors shouldn't buy Twitter stocks; in fact, he said that the company has a lot of potential. But he advised against "quick in and out" trading.

TOM FOREMAN

FOREMAN IS A POLITICAL CORRESPONDENT FOR CNN.

MOOSE ON THE LOOSE

If every politician were like Toronto Mayor Rob Ford, I could die a happy man. In the pantheon of misbehaving mayors, this Canadian-official-turned-crack-smoker is as entertaining as a lost moose in a mall.

Forget all the past controversies over his comments on AIDS, his conflict of interest trial, his opinion of bicycle commuters (he's against them, in case you're wondering) and his insults aimed at pretty much anyone who gets in his way. His antics over just the past few months are more than enough to keep us media types wound up as tightly a goalie trying to nab the next puck sizzling toward the net.

Think about this: After insisting for the longest time that he never smoked crack, Ford finally admits he did, and his excuse is that he was probably in a "drunken stupor." That would be like Anthony Weiner saying, "Yeah, I sent the pictures, but I was really lonely at the time."

The mayor's escapades are a bit surprising. I've generally found our northern neighbors to be agreeable, civic-minded and conscientious folks whether drunk or sober. Their anthem, "O Canada," is lovely even if it does sound a lot like "I Can't Help Falling In Love With You." Their flag is beautiful. They're terrific trading partners. They have national heroes whom they admire (Wayne Gretzky), and yet they can enjoy a good laugh at the expense of those legends (Paulina Gretzky).

Quoted

That would be like Anthony Weiner saying, "Yeah, I sent the pictures, but I was really lonely at the time."

How did they wind up with this mayor running amok in their largest city? Ford says what he thinks, and he sells a steady message of practical politics … filling potholes, relieving traffic and eliminating government waste. That has made him popular, especially with working-class voters.

So don't underestimate Ford's ability to hold onto his office. From afar he may look like a fool, but up close, to many, he looks like a friend. And in difficult, confusing times, the power of populism can be as great as that of a grizzly.

Spending. US budget talks hit snag, says Republican senator

The panel of U.S. lawmakers seeking to craft a bipartisan budget deal is in a deadlock early in its deliberations, according to a Senate member, reinforcing fears that a Dec. 13 deadline could produce no agreement.

Republican Sen. Lindsey Graham told Reuters the negotiations were "stuck, not irreconcilably, but stuck."

Nearly one month ago, Congress created the House of Representatives-Senate working group as part of a deal that reopened the federal government following a 16-day shutdown and raised U.S. borrowing authority to avoid a potential default.

The panel's purpose, in part, is to restore some order to the federal budget process and stop lurching from one temporary funding crisis to another, each of which carries the risk of a shutdown. REUTERS

Inappropriate?

Is Chris Christie's Time magazine cover offensive?

The same week he cruised to a landslide victory in New Jersey's gubernatorial race, Gov. Chris Christie's silhouette will hit newsstands on the cover of Time magazine.

It's not surprising that the most poplar governor in New Jersey history — and quite possibly the most popular governor in the country right now — is on the cover of the prestigious magazine. It's the controversial headline that accompanies the photo — "The Elephant in the Room."

The popular idiom means something that's an obvious truth that's being ignored. But some are saying it's a jab at his weight.

The hard-nosed Garden State leader is a top candidate for the 2016 presidential race.

Christie has battled weight issues, even mocking himself by nonchalantly sneaking a doughnut during a David Letterman appearance or while slow-jamming the news with Jimmy Fallon.

Christie in May underwent lap-band surgery and has been losing weight ever since, fueling speculation of a 2016 run. CHRISTINA PACIOLLA

US FDA moves to prohibit trans fats, citing health risks

Officials. Some products will be harder to reformulate than others.

New York City banned the use of trans fats in restaurants, and many restaurants and fast-food chains, including McDonald's Corp., have eliminated them. / GETTY IMAGES

The U.S. Food and Drug Administration on Thursday proposed banning artificial trans fats in processed food ranging from cookies to frozen pizza, citing the risk of heart disease.

Partially hydrogenated oils, which are the primary dietary source of the fats, have been shown to raise "bad" cholesterol. Reducing the use of trans fats could prevent 20,000 heart attacks and 7,000 deaths from heart disease a year, the FDA said.

"While consumption of potentially harmful artificial trans fat has declined over the last two decades in the United States, current intake remains a significant public health concern," FDA Commissioner Margaret Hamburg said.

Public health advocates welcomed the move.

Trans fats are present in a wide range of processed foods including crackers and cookies, frozen pizza and refrigerated dough, coffee creamers and ready-to-use frosting.

"We know that technically this is not an insoluble problem," Hamburg told reporters on a conference call, adding that the use of trans fats has declined dramatically since 2006, when the agency required companies to disclose trans fat levels on package labels.

Partially hydrogenated oils are derived from vegetable oils. Hydrogenation, a chemical process, converts liquid vegetable oils into solid or semi-solid fats, which are preferred for baking and have a longer shelf life. REUTERS

Quoted

"Artificial trans fat is a uniquely powerful promoter of heart disease, and today's announcement will hasten its eventual disappearance from the food supply."

Michael Jacobson,
Executive director of the nonprofit Center for Science in the Public Interest

According to the Grocery Manufacturers Association, food manufacturers have voluntarily lowered the amounts of trans fats in their food products by more than 73 percent.

CIA paying AT&T to give call data

Data. Most of the call logs provided by AT&T involve foreign-to-foreign calls, the Times said.

The CIA is paying AT&T more than $10 million a year to provide phone records for overseas counterterrorism investigations, the New York Times reported, quoting government officials.

The No. 2 U.S. mobile service provider is cooperating under a voluntary contract, not under subpoenas or court orders compelling the company to participate, the paper said.

AT&T did not confirm or deny the report, but said payments from governments were routine for lawful data.

The report comes amid widespread political uproar after former National Security Agency contractor Edward Snowden leaked documents describing how the U.S. government collects far more Internet and telephone data than previously known.

Under the AT&T arrangement, the CIA supplies phone numbers of overseas terrorism suspects and AT&T searches its database to provide call records that may help identify foreign associates, the paper said.

AT&T does not disclose the identity of the Americans calling from the United States, and masks their phone numbers when it produces the records, the paper said, quoting the officials.

AT&T said all government data requests were handled in a lawful and proper manner. REUTERS

US spying harms cloud computing

The United States' alleged large-scale surveillance of global communications networks will badly harm cloud computing, the founder of Wikipedia said on Thursday.

Jimmy Wales, who launched the online encyclopedia 12 year ago, said the U.S. eavesdropping also poses a threat to Internet freedoms by giving an excuse to oppressive regimes to introduce more censorship. REUTERS

Risk. UK spy chiefs emerge from shadows to blast Snowden

Britain's intelligence chiefs used their first-ever joint public appearance to complain that documents leaked by Edward Snowden had put secret operations at risk and were being "lapped up" by al Qaeda.

In an unprecedented evidence session before parliamentarians that local media likened to a scene from a James Bond film, the heads of Britain's three main intelligence agencies said Snowden's disclosures about mass surveillance had prompted them to consider being more open about what they do.

But they said parts of their work had to remain secret for national security reasons and that the data leaks had caused huge damage. REUTERS

Oh, Biden. US VP congratulates wrong man in mayor's race

As he watched the returns in Boston's most competitive mayoral race in two decades on Tuesday night, Marty Walsh's phone rang.

"A 202 number popped up, and I picked it up. It was Vice President [Joe] Biden. He went right into it, 'Congratulations, Marty, you son of a gun. You did it!'" Walsh recalled on Thursday. "I said, 'Mr. Vice President, you have the wrong Marty Walsh.'"

Biden had intended to call labor activist and state Sen. Marty Walsh, who had just been elected mayor of Boston. Instead he was on the line with the Marty Walsh who is president of Gateway Public Solutions, a public affairs consulting firm in Boston.

"He laughed, and he was great about it," said non-Mayor-elect Walsh.

He has been getting calls for the other Marty Walsh for more than a decade, he said, and considers him a friend.

He was so used to the drill that he gave Biden the correct number, and the VP signed off by saying, "Congratulations on not being the mayor," according to Walsh. REUTERS

Walmart website glitch gave super bargains

Shoppers looking for a bargain got some big ones, if only temporarily, at Walmart.com one morning this week. A technical glitch on the website offered some items at a fraction of their actual retail price. Treadmills, which normally cost hundreds of dollars, were priced at $33.16. LCD computer monitors were offered for $9. Ravi Jariwala, a spokesman for Walmart.com, said in the late afternoon Wednesday that the problem had been fixed and that the mistakenly priced orders would not be honored. REUTERS / GETTY IMAGES

NM man sues over repeated anal probes by police

A New Mexico man has filed a lawsuit claiming police subjected him to repeated anal probes and enemas after a routine traffic stop because they suspected he was hiding drugs.

David Eckert, 54, claims violations of his civil rights in the lawsuit, which was filed in U.S. District Court in New Mexico in August but not make public until this week, his lawyers said on Wednesday.

"This suit is about stopping officers and doctors from subjecting people in their custody and control to unlawful sadistic medical procedures that violate the most intimate parts of the human body," attorney Shannon Kennedy said. The legal action stems from Eckert's treatment by police after he was pulled over in January for failing to come to a complete stop while exiting a Walmart parking lot in Deming, N.M.

Officers suspected that he was hiding drugs in his anus, based on the way he was standing and the fact that a police dog alerted to his driver's seat, and obtained a search warrant "to include but not limited to (plaintiff's) anal cavity," according to the lawsuit.

Ultimately, no drugs were found, according to the complaint, which says that the medical center billed Eckert for the services. REUTERS

After a medical facility in Deming refused to carry out the procedures, Eckert was taken to Gila Regional Medical Center in nearby Silver City, the lawsuit says, where he was forced to undergo eight searches — including digital penetration of his anus, three enemas, two X-rays and a colonoscopy.

DOUGLAS COUPLAND

Douglas Coupland is a Canadian writer, artist and designer. His first novel was 1991's "Generation X: Tales for an Accelerated Culture." His novella, "Temp," of which this is the first installment, will be running online and in the pages of your daily Metro each weekday through Nov. 29.

Day 5: Temp is conflicted over co-worker's firing

Sarah No. 2 got the ax just before lunch: the curse of Jeans Day.

To be practical, a company selling itself to China doesn't need someone to plan its long-term e-commerce solution.

Her firing happened quickly, too. One moment she was lecturing about the excessive number of time-expired dairy products in the lunchroom fridge, the next she was standing in the lobby with a cardboard box full of generic desktop crap.

"I suppose you're happy to see me go," she said.

"Not really. I've never had to dumb myself down with you."

She gave me a judge-y looking sigh. "The world's not one big joke you know, Shannon."

She turned around to look at the dumping rain while waiting for her ride — which didn't seem to be coming. Looking out at the parking lot, she got philosophical.

"You know, I think that in the future we're going to look back on the 40-hour work week with three percent unemployment as a social failure — everyone was busy, but no one was actually doing anything meaningful. Yes, you were busy all day, but so what?"

The phone rang. "Just a moment, Sarah… Good morning. Taylor, Wagner & Kimura Filter Systems, a proud patriotic company since 1899. One moment, I'll connect you."

I put down the receiver.

"Sorry, you were saying?"

"I was saying that I think a 40-hour work week may well seem as odd and cruel to future citizens as seven-year-olds working in Victorian cotton mills does to us."

I thought about this. "I think you're right. Where's your ride?"

"According to my most recent text, it's stuck in traffic across town." I quietly phoned Sarah a cab, and when it showed up, I gave her one of my taxi chits: "If it means anything, Sarah, the fridge grosses me out, too. It makes me think of Gwyneth Paltrow in 'Contagion,' especially that scene in the morgue when they slice open her skull."

The fridge makes the temp think of Gwyneth Paltrow in "Contagion." / PROVIDED

Loki: A history

'Thor'

Loki is both brother and archnemesis of Thor. In the first film, he discovers he is not the son of Odin and uses this development to seize the throne and try to destroy our super-ripped alpha male hero.

'Marvel's The Avengers'

Loki is not just a villain but a Bond-like super-villain, i.e. he calls on others to do his destruction for him. Here, he summons hostile aliens. The film's high watermark finds him going mano-a-mano with the Hulk, with beautiful results.

'Thor: The Dark World'

We won't reveal exactly what happens, but it's safe to say he doesn't spend the entire film imprisoned (in a tony, furnished, well-lit cage stacked with nice books).

TOM HIDDLESTON

The actor says he's fine with his Marvel baddie not being in the "Avengers" sequel.

LOKI TAKES A BREAK

Tom Hiddleston returns to the role of dastardly half-god Loki in "Thor: The Dark World." / GETTY IMAGES

Tom Hiddleston has made a name for himself as Loki, Thor's brother and main nemesis, introduced in "Thor" then elevated to the main villain in "Marvel's The Avengers." With "Thor: The Dark World," he seems to be more popular than ever; Hiddleston even showed up to Comic-Con this summer in character to delight fans during the Marvel presentation. Sadly, Loki won't be appearing in "Avengers: The Age of Ultron." But that's fine by Hiddleston, who has plenty of other projects to keep him busy.

Between your turns at playing Loki, you've also been working in some independent films and a ton of Shakespeare. How do you approach jumping between so many diverse projects?
I honestly love doing them all, it's really true. I get so many different things from each. I've never wanted to impose limits on my work. Actors make the best choices they can in the moment, and quite often the way the picture is assembled, it looks like there's been some grand master plan. But actually it's all very accidental. I just have a genuine love for it all. I suppose I've always wanted to be able to jump between things. I never wanted to be just the Shakespeare guy, and I certainly never wanted to be just the superhero guy or even the indie kid. I think the variety really keeps me sharp.

And you recently made "Only Lovers Left Alive," Jim Jarmusch's offbeat vampire film with Tilda Swinton.
I had a day between getting back from Tangier (for "Alive") and starting on "Thor 2." The head shift was very quick. I finished with Tilda, I flew back from Morocco, I put my clothes in the washing machine and the next morning I got up and I was in Asgard with Chris Hemsworth. And I love that. I love that that's what my life is. Here I am talking to you, then I'll go home and I'll start "Coriolanus." It's nice.

If you have to choose between looking at Tilda Swinton or Chris Hemsworth all day, which do you go with?
[Laughs] The dance is different, but I love dancing with both of them.

How long will "Coriolanus," your next stab at Shakespeare, keep you busy?
We open in December and it runs until mid-February, which is a wonderful time to be onstage in London, I think. "Coriolanus" is a fascinating prospect because it's [Shakespeare] writing it toward the end of his life. But he was writing for a younger man. It's about soldiery and politics and the difference between being someone who fights wars and being someone who makes decisions about fighting wars in the Senate. It's an amazing difference between kind of military integrity and political thinking. I'm genuinely geeky and nerdy about Shakespeare. He brings out the nerd in me — that's no secret, I think.

What's your take on the Shakespeare authorship debate?
I think there's a couple of really definitive arguments for and against, and I'd love to read them because Shakespeare's a genuine passion of mine. I've done five of his plays professionally and I'm about to do a sixth one. I haven't played Hamlet yet, but one day…

Q&A

What was your honest reaction when director Joss Whedon told you Loki would not be in the second "Avengers" film?

My honest reaction was, "That's fine." I never wanted to overstay my welcome, and I've had such a good run with the character. I've enjoyed it so much. It was expected, to be honest, that Joss told me he wasn't going to put me in it. So yeah, my honest reaction was, "All right. Maybe it's time for me to play a few characters who don't have long black hair."

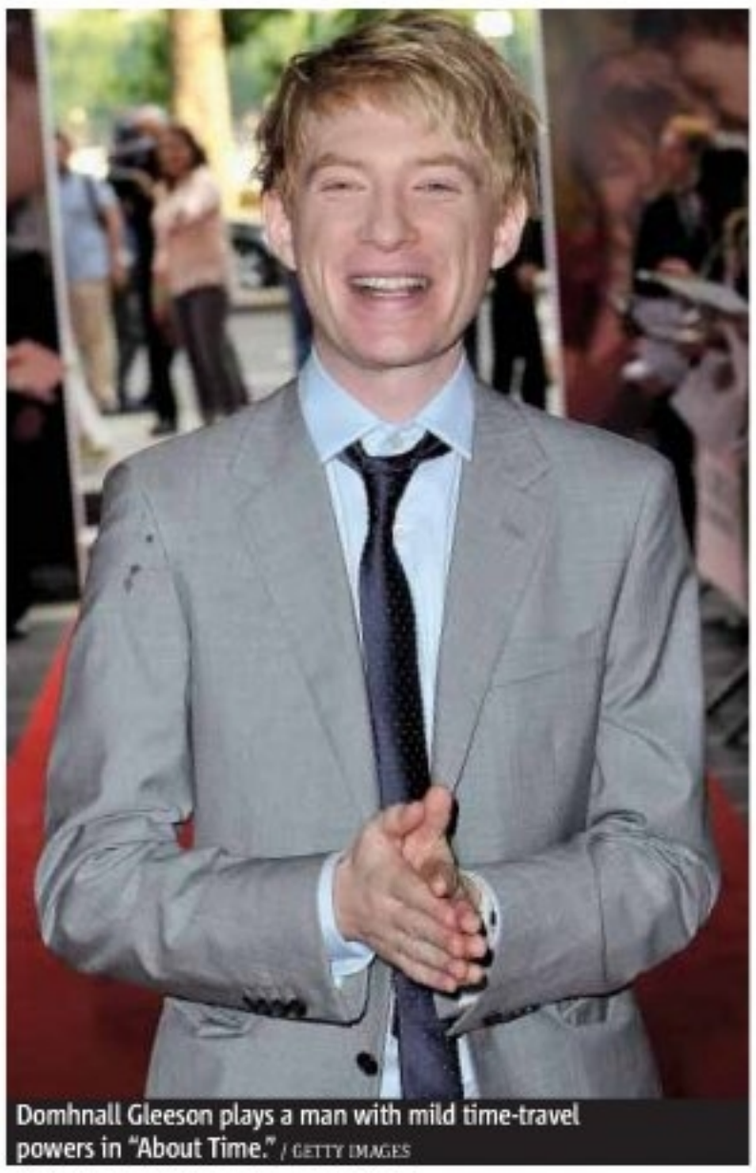
It's 'About Time' for a good comedy



Domhnall Gleeson plays a man with mild time-travel powers in "About Time." / GETTY IMAGES

Rom-com.
Domhnall Gleeson tackles his fear of being funny.

First off, it's pronounced "Dough-noll." Secondly, Domhnall Gleeson is fast becoming a major film presence. He popped up as Bill Weasley in the last two "Harry Potter" films, a franchise that also employed his father, Brendan Gleeson. With supporting turns in "True Grit," "Dredd" and "Anna Karenina" under his belt, he moves to a headlining role in "About Time," playing a man who can time-travel for rom-com king Richard Curtis ("Love Actually").

Were you a fan of Richard Curtis before?
When I was a kid, we had three VHS tapes in the house. There were highlights from the Brazil '70 World Cup. There was "E.T." And there was "Mr. Bean." Then there's "Notting Hill" — I don't go and see romantic comedies a lot, but "Notting Hill" is one [that] whenever it is on I find myself watching.

People often forget that Curtis once wrote very unromantic dark comedies, like "Blackadder."
He's got a dagger that he will slice in every now and then. His outlook on life is the same as his movies: full of hope and beauty and looking for the moments that matter. There are those people who consider themselves positive people and probably are, but it is relentless. After a while you want to say, "Will you shut the f— up and let me be depressed for a little bit? I'm enjoying it." Richard — there's a purity about it, and a wicked sense of humor. Those two things together do make the world a better place when you're around him.

Still, he's not afraid to be sentimental.
People can be ashamed of sentiment. It's become a dirty word, sentimentality, because I think it's been cheapened so much by so many bad movies, frankly, which exploit it to try and affect people. I think what's lovely is Richard means it, instead of it being just a hollow attack on your tear ducts.

You have a good relationship with your own dad. How was it working with Bill Nighy as your father?
Our big scenes together were toward the end of the shoot, so we kind of knew each other when we did them.

You do a lot of serious work: Dickens, Tolstoy, serious theater. What was it like doing breezy and funny?
The responsibility of going to work and having to be funny is really scary. Because if it's not funny, you can feel it's not funny. But when you can feel "I think if I was watching this I would be amused" — when you feel that, man, you're just floating on air all day.

Q&A

Leading man

How nervous were you of carrying a big movie for the first time?
You're aware of the responsibility. But I know I work really hard. I prep like a f—er. I was still very nervous for the first two weeks on set. But being there every day does loosen you up. You get used to being on set.

Chris Hemsworth's beefcake god stands down a rock colossus in "Thor: The Dark World." / DISNEY, MARVEL

Hammer it home, Thor

Comics sequel. "Thor: The Dark World" is utterly, powerfully forgettable — but is that really bad?

Is "Thor: The Dark World" just another inconsequential comic-book spectacular? Or do we demand too much from light (albeit big and expensive) "entertainments"? In the 1930s — if not Hollywood's best decade then its most energetic and delightful — it was common for story to take a backseat to nearly every other factor. One judged the seven "Thin Man" entries not on their mystery plots but on the strength of the banter.

Let's not compare a bellowing beefcake god wielding a boomerang hammer to "The Thin Man"'s Nick and Nora Charles. (Although fellow Avenger Tony Stark would fit right in at any of their parties.) But given that the comics blockbuster trend shows no sign of abating, it's best to judge them if not as art, a la the Christopher Nolan Batman films, then by relative charm.

And "Thor 2" is sort of charming, at times. The story will never be remembered past the second end-credits scene (yes, there are two). If you must know, there's a race of evil elves, whose leader (Christopher Eccleston) is such a generic genocidal maniac he's not even given motivation for wanting to destroy the known universes — sorry, "realms."

Review

'Thor: The Dark World'

Director: Alan Taylor

Stars: Chris Hemsworth, Natalie Portman

Rating: PG-13

In the last picture, Chris Hemsworth's Thor was separated from his earthling beloved, Jane (Natalie Portman). Their reunion — further stalled by "Marvel's The Avengers" — is supposed to carry weight, but the smoldering never comes. That's in part because there's an apocalypse to halt. But it's also because nothing important ever takes hold for very long. Major characters die tragic deaths, but the mourning period is brief, the spell quickly broken by action or jokes.

But Thor smashing stuff is welcome, as is the sense of humor. The first film wore out the (surprisingly decent) fish-out-of-water jokes, but round two has a knack for odd gags that come at unexpected moments.

As usual, Tom Hiddleston's baddie Loki is great, sour, mischievous fun. Also as usual, Hemsworth is a natural at playing both square-jawed rugged and a parody of the same.

OK 'Expectations'

Dickens movie.
A great by a great gets a not-great adaptation.

Helena Bonham Carter plays the dreaded Miss Havisham in "Great Expectations." / JOHANN PERSSON

Unlike Shakespeare, Dickens doesn't get many flashy modern updates. Ask for a straight-up adaptation, and you get this new "Great Expectations," which is perfectly acceptable, highly respectable and slightly dull. The plot — in which Pip (eventually played by a strapping Jeremy Irvine) goes from grimy working-class to idle gentleman in London, with the help of a secret benefactor — has been brutally condensed but hits all the plot points and moves swiftly. The cast is headed by Ralph Fiennes as Magwitch, the scary on-the-lam con with a secret. He's excellent, as expected.

These aren't problems. One of its few real issues is Helena Bonham Carter. She's long been more machine than woman, which may seem ideal for the twisted, mummy-like Miss Havisham. But Carter is all spastic, no humanity, particularly when she's supposed to finally reveal some.

What this "Expectations" does get right, which Dickens adaptations often don't, is its violently shifting tones. Dickens is hilarious and Dickens is brutal. Newell gets this. This version isn't exactly a laugh riot, but it's occasionally bouncy, and not afraid to roll around in the muck.

No vampire love, just death

Young Adult film. "How I Live Now" is a battle between the moony and the horrifically grim.

Saoirse Ronan plays an angry teen surviving amid war in "How I Live Now." / MAGNOLIA PICTURES

Now a grungy British movie, Meg Rosoff's book "How I Live Now" is generally classified under Young Adult largely because it fits the genre in so many ways. Its hero — an angry, pierced American teen who goes by Daisy (played by Saoirse Ronan) — finds herself trapped in rural England just in time for a vague, never specifically defined World War. The country becomes a cruel military state, with the army trying to maintain order and only creating chaos and bloodshed. Things get hairy (much more than in typical YA fare, where even the presence of actual supernatural monsters never completely ruins the lovey-dovey bliss). Here, people die, and if they don't, they are legitimately traumatized.

But the YA elements — young women tamed by strapping young men with six-pack abs and pretty hair; moony looks caught in step-printed slo-mo — never entirely go away. Much like the vampire vs. werewolf action in the "Twilight" films, there's a war here between grim realism and starry-eyed love. For the record, grim realism dominates: it's about 75-25. And much of the YA elements appear in the first half, when Ronan's Daisy arrives from America to stay with her rural England cousins. She's cold to everyone, albeit somewhat less cold to token babe Eddie (George MacKay), who's luckily not that close of a cousin.

At first they ignore the horror, even when a nuclear bomb goes off in London and all electricity shuts off. They enjoy a Nick Drake-backed montage as they live off the land, Daisy's face jewelry and sullen mascara symbolically coming off. But the good times can't last, and "How I Live Now" deserves credit for getting pretty close to the brink (and for including actual sex and lots of swearing).

The inspiration is clearly "Children of Men," but director Kevin Macdonald ("The Last King of Scotland") isn't the showman that Alfonso Cuaron is, nor is he trying to be. The film remains grounded, and when boys are coldly separated from girls there's the feeling that they may never reunite.

But the YA elements serve to reassure us that, even if things don't work out perfectly, they won't be completely hopeless. It does get darker than assumed, and that's admirable. But it's always obvious there's a net to save us from a free fall.

TV Watch list

DRAMA

'Revenge'

This is the guilty pleasure that keeps on giving. And, honestly, we're not even that guilty about it. It's the soapiest show on TV right now, but here's the thing: It's awesome. Victoria Grayson is a bad B, and we love to hate her. In this episode, Nolan plots a revenge plan and Conrad hires a PR girl to try and save the Grayson name (and probably sleeps with her). **SUNDAY, 9 P.M., ABC**

Stuart is not great at saying hello to any ladies. / HBO

REALITY

'Thicker Than Water: The Tankards'

Remember when Bravo was a weird fringe channel that played obscure old movies and PBS-like arts programs about jazz? Yeah, neither do most people under the age of 25. Because now Bravo is an unstoppable reality TV sweatshop, grinding out interchangeable reality shows with frightening efficiency. Someone call the Department of Labor! This new one is a rags-to-riches story about a former basketball player/gospel singer/motivational speaker and his family. **SERIES PREMIERE, SUNDAY, 9 P.M., BRAVO**

COMEDY

'Hello Ladies'

Stephen Merchant's (Ricky Gervais' main man) new show is equal parts funny and uncomfortable. It can be hard to watch his character Stuart — a 7-foot-tall geek with playboy aspirations — navigate the L.A. dating scene. We actually find ourselves turning away from the screen during some scenes (such as a recent misunderstanding over "appropriate" gay jokes). However, Stuart is also an unapologetic dick, which saves his character from being too tragic. Plus, Merchant is smart as hell and knows exactly how to mine for both cringes and laughs. **SUNDAY, 10:30 P.M., HBO**

Upending reality

PHILADELPHIA MUSEUM OF ART

Fantasy. The Art Museum digs into its own collection for "The Surrealists."

Appropriately for a show about the reality-subverting surrealists, the Philadelphia Museum of Art's new exhibition welcomes visitors with a domestic scene that's just slightly, unsettlingly off-kilter. There's a folding screen that doubles as a live story, a Giacometti-designed standing lamp, a pair of Elsa Schiaparelli leopard-skin shoes and a Dorothea Tanning sofa with its own half-formed inhabitant built in. On the wall above hangs a portrait by Philadelphia artist Thomas Chimes of poet Guillaume Apollinaire, who coined the term "surrealism."

This motley collection is the exhibition's first evidence that, as curator John Vick said during a tour, "it's impossible to say that surrealism has a single look or a single identifiable style. It's also impossible to say that there's one major concern that was central to surrealism throughout its entire lifespan. Really, it's a movement about diversity, difference and individuality."

"The Surrealists: Works from the Collection" delves into the museum's own holdings for about 100 pieces by more than 50 artists and writers. Some of the pieces, such as Salvador Dali's "Soft Construction with Boiled Beans (Premonition of Civil War)," are masterpieces regularly showcased on the walls of the PMA. Others have rarely, if ever, been shown.

"This is a case where we're shopping in our own closet, and luckily our closet is fantastic," said Matthew Affron, the museum's newly arrived curator of modern art.

The exhibit follows the movement from its birth in France, via Andre Breton's foundational manifesto, through its arrival in the U.S. following the onset of war in Europe and its triumphant return to Paris with the 1959 International Surrealist Exhibition.

"Breton and his fellow surrealists put forth the idea that surrealism could initiate a revolution in the arts and literature, and provoke a revolt against traditional and conservative norms and values," Vick said. "They strove to do so by aligning their methods with the then-new science of psychoanalysis, by tapping into the unconscious to challenge rational thought and predictability, and by examining dreams and myths, fantasy, taboos, fears, desires and a host of other influences."

Make foolproof cakes

Easy. Baking got you nervous? These five-minute treats don't need an oven.

With just five minutes and a microwave, you can become a gourmet pastry chef. That's what certified master baker Leslie Bilderback shows us in her new book, "Mug Cakes."

"One of the things I came across repeatedly is that people are really afraid of baking," says Bilderback, a culinary instructor. So she came up with a solution: write an accessible, funny book that guides readers through quick microwaveable cake recipes without sacrificing creativity.

"I really want to get people to start thinking about ingredients, flavor pairings and using unusual things in sweet desserts," she says.

For those still uneasy about tackling dessert, Bilderback has some advice: "Just relax. It's only food; it's not that expensive. And if you screw it up, you didn't lose very much, and you learned in the process." Plus, a scoop of ice cream makes everything taste better.

Tip for authentic Mexican chocolate

Pick the right cinnamon

There are actually two types of bark sold as cinnamon: cassia, which is very hard and difficult to break or grind, and cinnamon (sometimes called Mexican cinnamon), which is very brittle. Most ground cinnamon sold in the United States comes from cassia bark. But true cinnamon is the one used in Mexican chocolate. It has a spicier flavor, like Red Hots candies, and it is readily available in sticks at Mexican markets. It is very easy to pulverize.

The Head and the Heart try to 'Be Still'

Folk rock. The Seattle sextet took their time with an excellent sophomore album.

If the sound that defined Seattle folkies The Head and the Heart's eponymous debut album can be described as grass roots, the story of the success that followed is even more so.

The sextet self-recorded and released the album, distributing it at local clubs and record stores, and relied on word of mouth to generate hype. It worked.

They went from playing the Seattle club circuit to opening for Vampire Weekend and being tapped by Dave Matthews to join him on tour in what seems like record time. "That was insane," says vocalist/guitarist Josiah Johnson, "but we didn't really have time to step back together and be like, 'It's all happening, guys.' You kind of just put your head down and keep going and going and going. [But] at some points, when we did have breaks, you sit back and say, 'Man, I didn't expect this much.'"

They didn't expect much of anything, according to Johnson. "I don't really consider the last time like recording an album," he says. "We were just kind of getting things down as quick as possible and kind of just creating something that we could burn and give to venues. It wasn't this 'I have a big picture of this album' thing."

He attributes a large part of the sound on their freshman effort — an organic, delicately melancholy marriage of stripped down strings and lovely, unadorned vocals — simply to having to make do with what they had.

"It's not really what we set out to write. That's not the only type of band that we are," he says, when asked if he ever worries about the band's direction, once the current wave of popularity of indie-folk recedes and another genre takes its place. "One of the things that was really exciting about recording [the new album, "Let's Be Still"] is when you listen to this album it's not all reliant upon the stamping and clapping and the 'hey-ing,' because that's not what we set out to only be. The reason you might hear that on

On performing

Live vibes

They're foremost a live band. Their onstage energy is kinetic and they genuinely seem to be enjoying themselves.

"Some bands just want to sit in a room with a bunch of stuff and get the sound that they want, and then live shows are just, like, a necessary form of promotion," he explains. "For us, playing the shows was kind of part and parcel with writing songs. Once you write the song, the place that they exist most vibrantly is on stage. That's everyone's goal, to have a great, transcendent show. It's not just, 'Well, I guess I'll get drunk and I have to do this.' It's more than that to us."

Quoted

"For us, playing the shows was kind of part and parcel with writing songs. Once you write the song, the place that they exist most vibrantly is on stage." Josiah Johnson

the first album is because we didn't have the time to sit in the studio. We only had our acoustic guitars and limited resources.

"I love that album, but that's not the only kind of music that we listen to; I think this band has a lot of directions it can go in."

One of those new directions is evident on "Let's Be Still," which is marked by a considerably more polished sound. This time, they've had time to put thought into what was indeed a "big picture thing."

"We recorded it at a studio that we recorded some stuff for the first record at," says Johnson. "Except, for the first we just did a big session in a room with a piano in three days and recorded everything else in a guy's living room. We spent a lot more time in the studio ... writing and jamming out, which is a luxury that you have when you have a record label helping you pay for it."

Hip-hop. The Memphis rapper is on tour for his new album, dropping Nov. 19.

Yo Gotti played the historic Orpheum in Memphis in June. It was the theater's first hip-hop show.

"That was a very special moment for me to play at the venue, knowing the history of the venue," says Memphis native Yo Gotti, aka Mario Mims. "It was a very big deal to me, and on top of it, we sold it out."

The show was also an example of Yo Gotti's DIY attitude.

"I booked the theater myself because it was my birthday and I do something big in the city every time," he says. "Everybody was like, 'They don't do rap there' and they don't do this and they don't do that. I have the type of attitude where if I'm trying to achieve something, I don't believe in not trying. It took a lot of work but we got it done."

Yo Gotti, the street-smart Memphis wrecker with a hard Southern drawl, does indeed get it done. He's about to embark on a new chapter in his career, as an Epic Records artist. "I Am," his Epic debut featuring guest artists T.I., Ne-Yo, Wale, J. Cole and Meek Mill, drops Nov. 19. The video for "Act Right," the album's lead single featuring Jeezy and YG, has been viewed more than 5 million times on YouTube.

Yo Gotti is currently touring the country to promote the album.

"I'm on the road and there's a lot of energy," he says. "We get up close and personal with the fans, they get up close and personal with me. It's a good ride."

Yo Gotti's career so far has been more good ride than bad, if at times a little bumpy. He started out on the north side of Memphis and sold mixtapes on Beale Street. In the last 10 years, he's released numerous mixtapes and albums on TVT Records and RCA. His biggest hit to date is the 2009 single "Women Lie, Men Lie," which featured Lil Wayne.

It's all about bringing that little touch of the Memphis streets.

"I find a lot of my inspiration comes from the culture I come from, a lot of struggle and pain," he says. "I think being from Memphis puts a lot of soul in my music."

Gwyneth Paltrow continues feud with Vanity Fair

This better be a real page-turner!
JUSTIN K. ALLER, GETTY IMAGES

Gwyneth Paltrow is taking a stand. She wants all those concerned about freedom and justice to join her in protesting Vanity Fair's cruelty to Gwyneth Paltrow.

Rumor has it that she is frantic over an upcoming Vanity Fair profile of her that contains some less than flattering revelations. She's already tried to get her famous friends to stop talking to the publication; now she wants them to refuse to party with VF too.

"Gwyneth feels her relationship with the magazine has been destroyed and she's urging pals not just to avoid doing business with the magazine, but to skip the mag's Oscar party as well," a source told Radar Online.

Vanity Fair's Oscar party is one of the swankiest, most prestigious parties in Hollywood. Even I, a humble blogger currently wearing teddy bear pajamas, know that. So I'd say Paltrow is about to find out who her friends really are. Will Beyonce think it's worth missing the biggest bash of the year to keep the 10 percent discount on her GOOP subscription? One thing's for sure: I can't wait for this Vanity Fair profile. There must be something really good in there. **MELINDA TAUB**

Bieber in trouble again

Justin Bieber's love for graffiti may have gotten him into trouble with police in Brazil. He allegedly tagged a wall of the former Hotel Nacional in Rio de Janeiro, according to TMZ. Bieber's team reportedly received permission to spray-paint a different wall but felt the first choice was in a neighborhood that was too dangerous. The report describes Bieber as "young, blond, famous and a rebel."

Kutcher and Kunis planning a baby?

These two good-looking people could make a really hot baby.
JUSTIN K. ALLER, GETTY IMAGES

Ashton Kutcher and Demi Moore are reportedly about to file paperwork to formally end their marriage, and apparently it can't happen soon enough for Kutcher, who is desperate to start a family with girlfriend Mila Kunis, according to Radar Online. "Ashton has made no secret of the fact that he wants to have a baby and he's told his family that they're not taking any 'precautions' against having a baby," a source says. "They don't really care if marriage comes before baby. In fact, they don't think they have to be married to have a child."

Poor Eminem, stifled by those taking offense

Re: 'Eminem doesn't mean for gay slurs to insult gay people' (Metro, Nov. 6) I can relate to Eminem's frustration at wanting to be free to say stuff that offends people. It is so unfortunate that words have meanings and even more so that when put to musical rhythm, they internalize so much more effectively. I would personally love to have a plethora of insulting words and phrases which don't insult the genitalia or the uses and users thereof. It's terrible that Eminem can't say all those hurtful, vicious, mean-spirited words without offending people. I guess if he really truly and genuinely doesn't intend harm and isn't in denial, as I would be if I said I didn't intend redundancy just there, he could choose other words and I support his freedom to do so.

Democracy isn't a time sink

Re: 'Civic duty is a pain in the neck' (Metro, Nov. 7) As I read Christina Louis' letter, I initially thought it was sarcasm, but no, she was serious.

First, no one ever told you that duties and responsibilities were going to be easy. So you had to wait in line and took valuable time from your busy day. What, 30 minutes a year? It's called democracy. Second, give us seniors a break. Some day you may be older and unable to read everything. GET OVER IT!

On Monday, Cowboys Hall of Fame running back Tony Dorsett was diagnosed with chronic traumatic encephalopathy, a condition many scientists say is caused by head trauma, according to ESPN.

Packers offense with whole new approach

NFL. Green Bay is now more than capable of winning a game on the ground this season.

Running back Eddie Lacy has given the Packers' dynamic offense a whole new look. / JEFF GROSS, GETTY IMAGES

When discussing the Green Bay Packers, all the attention tends to hinge on Aaron Rodgers. And rightfully so, since he's one of the most prolific passers in the NFL.

However, there's a small revolution happening on the frozen tundra. The Packers are running the ball at an impressive clip, averaging 5.0 yards per carry on the ground while amassing 1,189 total yards (fifth-best in the league). Leading the way are old Eagles killer James Starks and rookie Eddie Lacy.

"They're two really big backs, and they're downhill runners, and they're physical, and it's going to take a lot of guys to get them down," Eagles coach Chip Kelly said. "Very, very rarely is one guy getting to them. They're running through arm tackles. I think you've got to get 11 guys to the ball."

With Rodgers out this week with a fractured collarbone, Green Bay should rely on its two-headed rushing attack even more. The Eagles may decide to stack the box to stop the run and dare backup quarterback Seneca Wallace to beat them through the air, something he couldn't do last week against Chicago.

"You always have a plan for their passing attack, and you don't know what's coming at you," Davis said. "It could be three wides the whole game like they do more with Aaron. You don't know what's coming at you, other than the base offense, and then whatever they feel Seneca does the best, along with their other weapons. And they've got their share of weapons. The running backs are really playing well."

The defense is toeing the company line as well. The game plan isn't changing no matter who is under center.

"I don't see it as a break," cornerback Cary Williams said of not facing Rodgers. "I see it as an opportunity for us to win a football game. Their offense is a little different, but I don't think they're going to change anything."

Brown making most of carries

NFL. Backup Bryce Brown saw more touches in the win over the Raiders last week.

Bryce Brown saw more action in last week's victory over the Raiders. / GETTY IMAGES

After a lengthy hiatus, Chip Kelly's "expect the unexpected" offense was in full gear in last week's 49-20 victory over the Raiders.

Quarterback Nick Foles obviously got the brunt of the credit, but nearly as important was running back Bryce Brown. Brown actually gained more yards on the ground than the NFL's leading rusher, LeSean McCoy, as the second-year back out of Kansas State carried the ball seven times for a season-high 54 yards (7.7 yards per carry). McCoy's backup had only gotten that many touches twice before this season, with nine carries in the opening-week win over Washington and eight carries in the loss to Denver.

Brown isn't going to replace McCoy any time soon, but Kelly isn't afraid to mix things up in the backfield to keep opposing defensive lines guessing.

"We never look at one guy from an individual statistic standpoint and say, 'Hey, we're not getting this out of him," Kelly told reporters. "It's 'Are we moving the ball?' We were in a pretty good rhythm [against Oakland] and we did move the football."

Brown made plenty of noise last season when, filling in for an injured McCoy, he rushed for an Eagles rookie record of 178 yards against Carolina. But the back also fumbled twice in the 30-22 loss.

Brown is more than realistic, knowing that taking carries away from, arguably, the best back in the league is not a sound strategy for Philly.

"It's our first time in this offense," Brown told the Philadelphia Inquirer last month. "We're all trying to figure it out. I don't get caught up worrying about playing time and how many plays I get."

MATT BURKE
matthew.burke@metro.us

Three things to watch

1 Two-headed monster
James Starks (6.0 yards per carry) and Eddie Lacy (4.4) are running with supreme confidence right now. While Lacy seems to be emerging as the feature back, the Eagles have a history with Starks. He ran for a Packers rookie-record 123 yards against the Birds in that 2011 wild card game. Expect the Pack to feed their horses.

2 Where's Shady?
Speaking of running the ball, where has LeSean McCoy been hiding out? Last week marked three straight without a 100-yard game from the NFL's leading rusher. Opponents are clamping down on the Eagles' rushing attack, but will that continue after Nick Foles' breakout, seven-touchdown performance? McCoy says let them stack the box. "We'll take our shots in the quick game, the sidelines, over the top."

Nick Foles passed for 406 yards last week. / GETTY IMAGES

3 Don't get caught in the moment
There's something special about playing at Lambeau Field. The Eagles can't get caught in the moment, especially a guy like Foles. While he admitted it's going to be special to play at Lambeau, he's not worried about the stage being too big. "When the game starts, you really zone out the stadium," Foles said. "It's the same field we practice on, and you just block everything out and play the game."

College basketball

Villanova. Ryan Arcidiacono leads guard-heavy Cats into the new Big East conference.

A new day has dawned in the Big East. But for Villanova, the formula remains much the same: play a lot of guards and get up and down the court.

Last year that style earned them a trip to the NCAA Tournament, one which was short-lived after a first-round loss to North Carolina.

But head coach Jay Wright, now in his 13th season, returns his key players from a squad that finished the regular season winning seven of 11 games.

Arcidiacono quickly became a fan favorite last season.
GETTY IMAGES

Most critical will be sophomore guard Ryan Arcidiacono. The Langhorne, Pa., native is a second-team all-conference selection. But he's also battling a rib injury, which has limited him leading up to Friday night's opener vs. Lafayette (8 p.m., Fox Sports 2). He did not play in Saturday's exhibition game.

"Rather than take a chance, we thought we would sit him out so he'd be close to 100 percent Friday," Wright said.

Arcidiacono and the Wildcats will be facing a much different schedule this year though. Villanova won nine Big East games last season. Six of those teams are no longer in the conference.

Projected starting five

1. **Ryan Arcidiacono** He averaged 11.9 points per game last year and is an elite playmaker.
2. **Darrun Hilliard** The 6-foot-6 junior can be a sharpshooter from 3-point range.
3. **James Bell** The senior captain averaged 8.6 points per game last season.
4. **JayVaughn Pinkston** The junior forward also made the Big East second-team all-conference.
5. **Daniel Ochefu** The 6-foot-11 forward replaces the departed Mouphtaou Yarou.

Temple

Temple joining new conference, facing new difficulties

The good news for Temple is they finally joined a conference with elite powers Connecticut and Louisville. The bad news is it isn't the Big East.

Temple is stuck in the new, and oddly configured, American Athletic Conference. The preseason coaches poll has the Owls picked to finish fifth, in the middle of the pack in the 10-team league.

But Temple is coming off a tournament win over N.C. State before stumbling late in the game against Indiana in the second round.

By the numbers

31.8

The Owls lose their top two scorers, Khalif Wyatt and Scootie Randall, from a year ago. They combined for 31.8 points per game.

"I think each year brings on a new challenge for you," head coach Fran Dunphy said on Owls Media Day. "You just go about your business. I just want to coach basketball and try to get kids to make good decisions." METRO

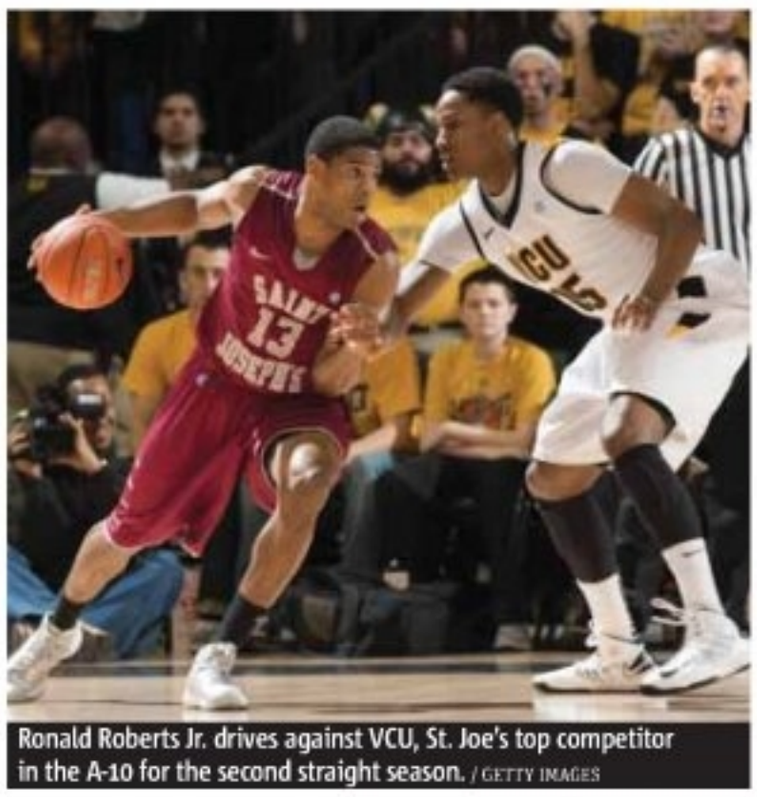
St. Joseph's. The Hawks are back to the drawing board after struggling to a disappointing finish last season.



Ronald Roberts Jr. drives against VCU, St. Joe's top competitor in the A-10 for the second straight season. / GETTY IMAGES

Big things were expected from St. Joseph's in the Atlantic 10 a year ago. Those expectations went unfulfilled after an 8-8 season in the conference.

Head coach Phil Martelli will try to rebuild with leading scorer Carl Jones and starting big man C.J. Aiken both gone.

The good news is Martelli will be replacing the lost production with plenty of experience. There are four seniors who saw serious playing time last season, led by Langston Galloway and Ronald Roberts Jr.

Galloway leads all returning scorers with 13.8 points per game while Roberts will be counted on to replace some of Aiken's production in the paint despite his relative lack of size. The 6-foot-8 forward had 11.2 points and 8.2 rebounds per game last season.

But it's the perimeter play that Martelli is more concerned with.

"It comes back to what college basketball is all about — guard play, guard play and more guard play," Martelli said.

Sixers looking to right ship vs. Cavs, Bynum

NBA. Philly has fallen back to Earth after its 3-0 start to the 2013-14 season.

The Sixers are now looking to avoid being known as the 2013-14 NBA season's opening-week wonder.

After starting the season a surprising 3-0, Philly has dropped two games straight, the latest coming at the hands of the previously winless Washington Wizards. The Sixers' defense was brutal in the 116-102 home loss to Washington, as John Wall netted 24 points and Marcin Gortat recorded a double-double. Philly left wide open shooters on the perimeter as Washington netted a whopping 18 3-pointers on the night.

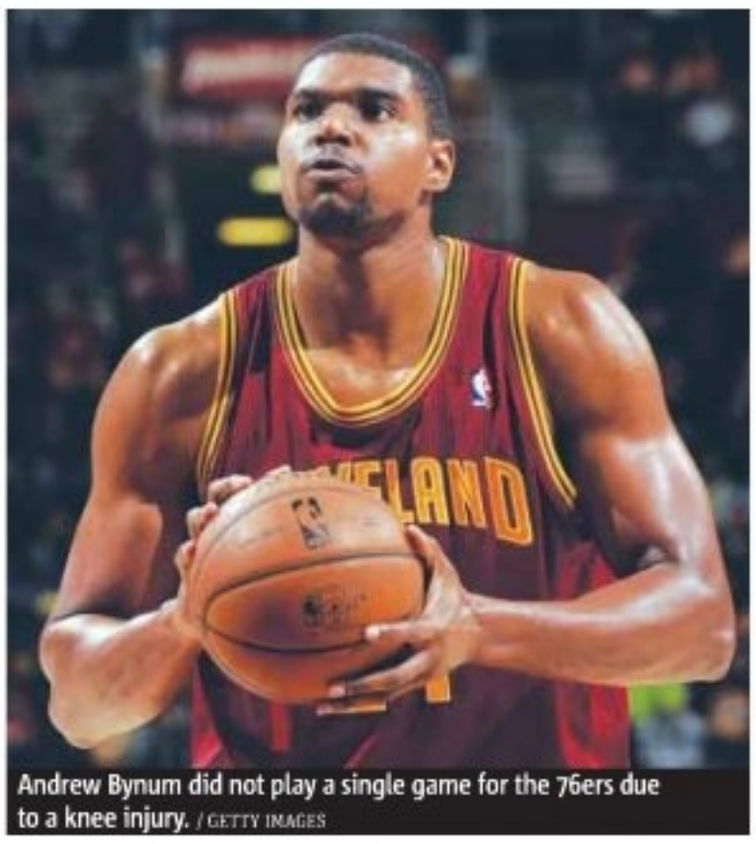
Through five games, Evan Turner is leading the Sixers in scoring, averaging 22.2 points per game. He dropped 24 points on the Wizards in Wednesday's loss. Rookie sensation Michael Carter-Williams is right behind Turner, scoring at a 19.8 clip. Spencer Hawes (17.2 ppg) has also looked good in the early going for Brett Brown's club.

The Sixers will look to get back on track this weekend against the Cavaliers, a team they will host Friday night at Wells Fargo Center (7 p.m., CSN) and will see in Cleveland on Saturday night (7:30 p.m., CSN).

Old friend Andrew Bynum is slowly coming along for the Cavs and is expected to play tonight. He is also expected to hear it from the Philadelphia crowd all night long.

"I think they'll probably boo, but that's their choice," Bynum told reporters. "It wasn't my choice to get rid of me. I don't feel bad at all. ... If I was not hurt, I would've played. That's really the end to that story."

Bynum has played in four games so far for Mike Brown off the bench and is averaging 5.5 points and 3.5 rebounds per game.



Andrew Bynum did not play a single game for the 76ers due to a knee injury. / GETTY IMAGES
